Foreword

Hello, Oimo here.

Thank you for purchasing this book.
This will be my second Heartcatch Precure book.
When I first started watching the anime, I never imagined I'd get
so into it that I would create doujinshi for it.
I've been wanting to do this since around summer.
I'm very satisfied at being able to finish this MomoYuri book.
Precure is so plentiful with yuri, it's all very delicious. Munch munch.

Anyway, I hope you enjoy it.

Momoka...

Ehh?
I came over here because you asked me to help you with your math studies. Why is this happening right now?
Umm...
...

I guess you could call this a warm-up exercise for studying math?
This is no warm-up exercise!
Well, you haven't been to school much lately, and we haven't had much time together
Even so, the day of the test is near Don't you think you should prioritize studying?
Then you can consider this giving me my reward for solving a math problem in advance!
Okay?
"In advance"...
Something similar to this happened once before, and you never ended up studying whatso~
Mmm!!

Giving me that look makes me want to go after you even more.

Ehhh? That kiss just now wasn't nearly enough.

Hey, Yuri. How about we go all the way...? I promise I'll study after we finish.
Ah..
Your bra looks cute today
She's touching my breasts!
Yuri... I love you.

Momo-nee! Could you lend me a pair of scissors?
ガヤヤ
E-E-E-Erika! You need to knock before you come in here!
Panic

Huh? Ah, sorry, sorry.
ドキッ
Honestly, just when it was getting good.
Here's the scissors.
J-Just talking to myself!
Thanks! Getting good?
You've been sitting still staring at the wall since I came in. Are you not feeling well?
? Oh yeah, Yuri-san...

Eh, yeah. it's nothing major.
Y-Yeah, that's right! She's been staying up late studying recently.
Oh, okay... Take care of yourself, Yuri-san.
You look after her too, Momo-nee!
Sure, sure

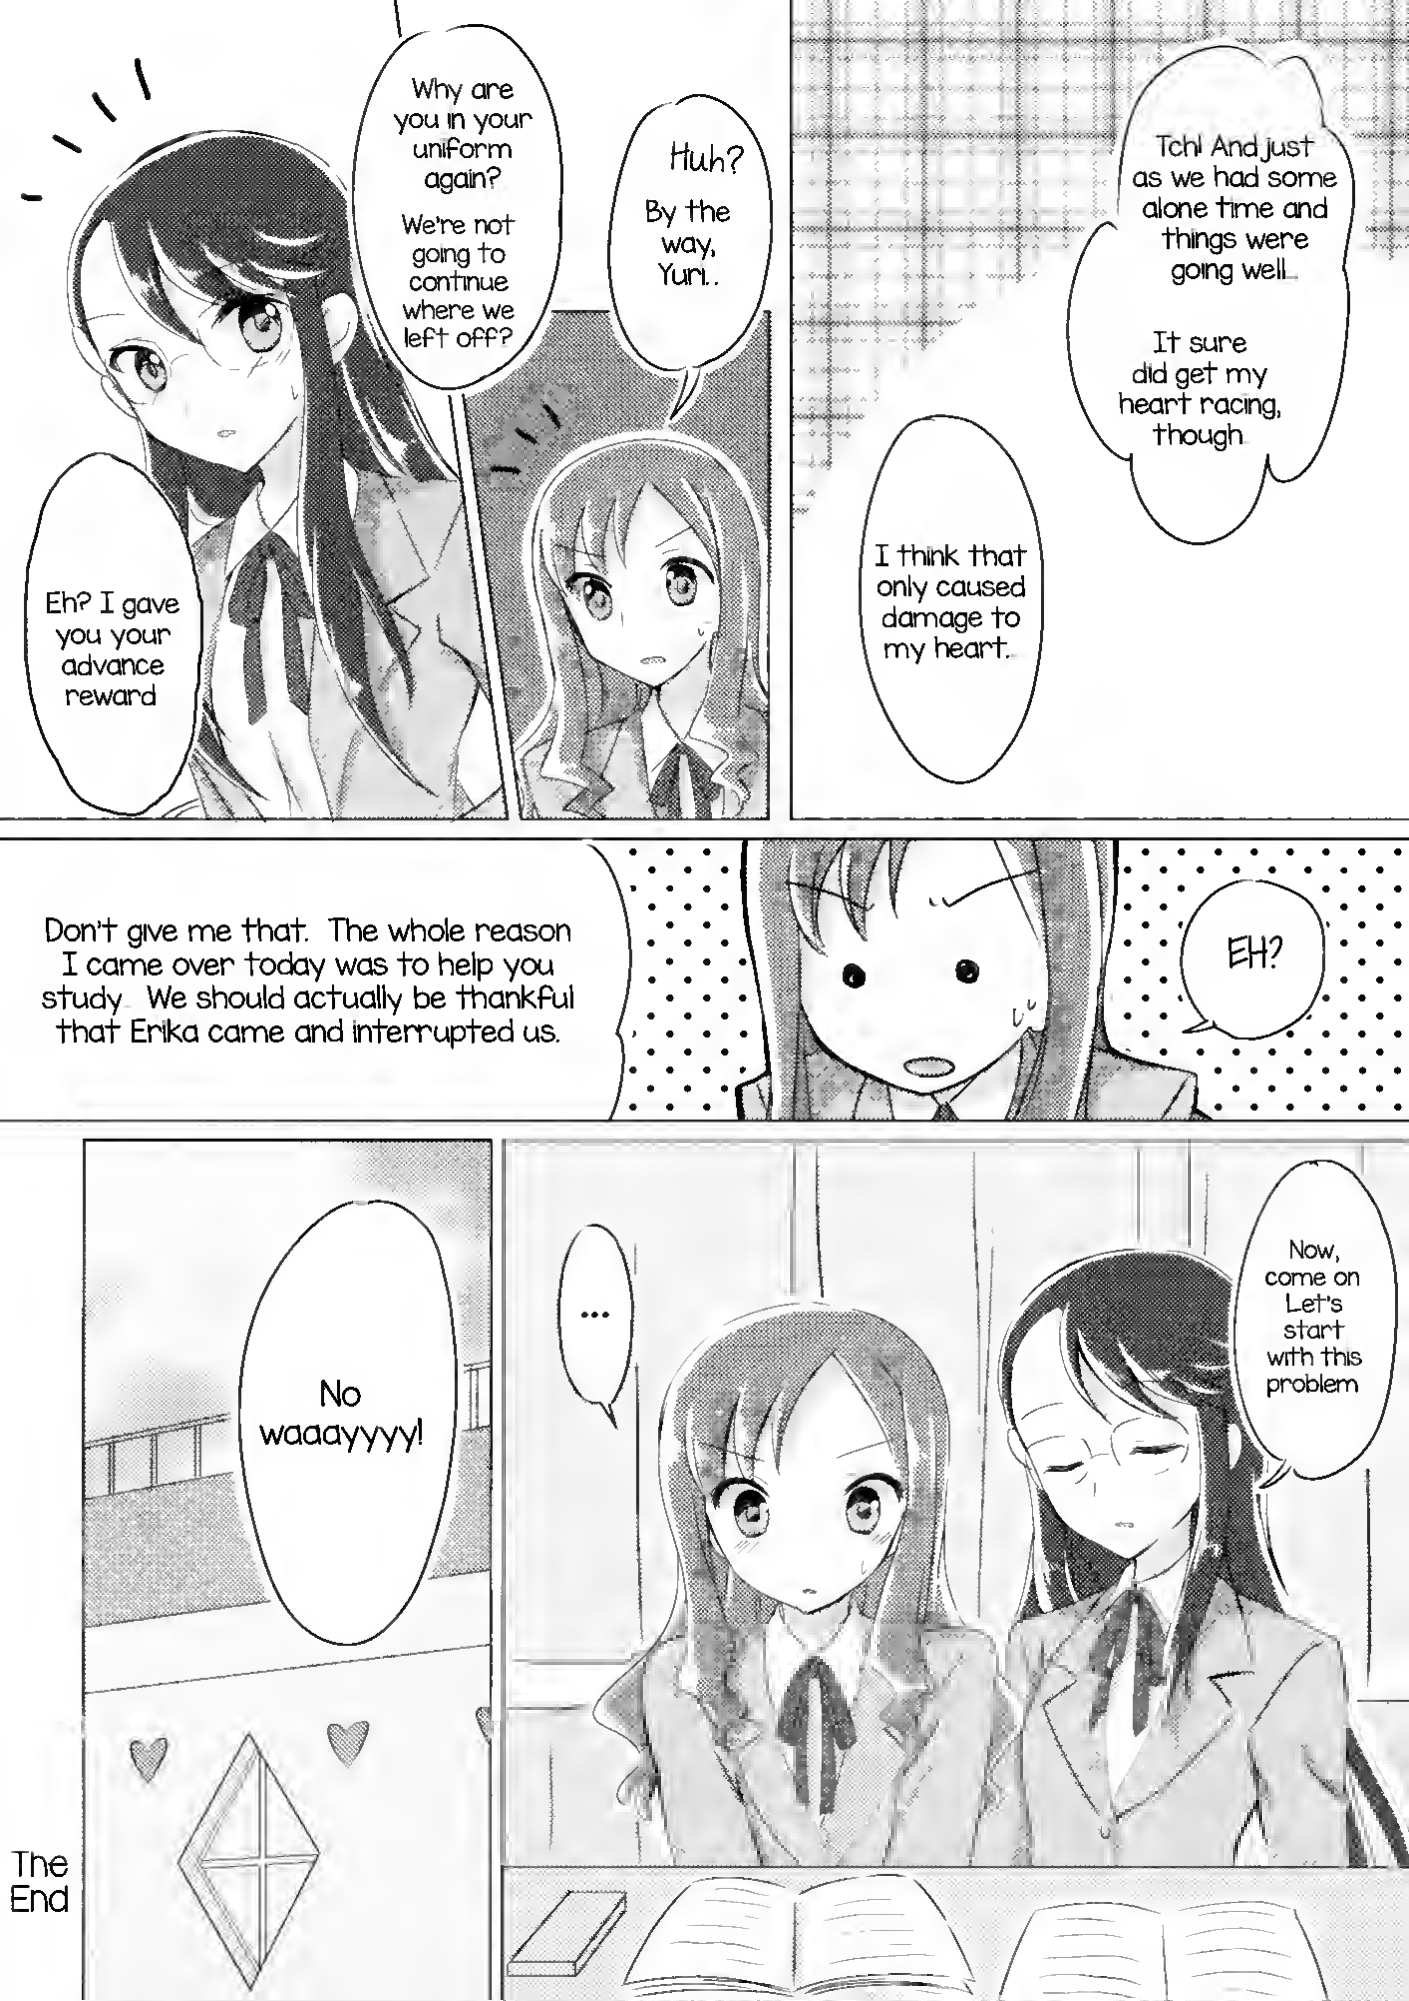
TH-THAT WAS CLOSE!



Why are you in your uniform again?
We're not going to continue where we left off?
Huh?
By the way, Yuri..
Eh? I gave you your advance reward
Tch! And just as we had some alone time and things were going well.
It sure did get my heart racing, though.
I think that only caused damage to my heart.
Don't give me that. The whole reason I came over today was to help you study. We should actually be thankful that Erika came and interrupted us.
EH?
No waaayyyy!
...
Now, come on Let's start with this problem
The End

I finally solved all the problems!

Oh, what's this!? Despite what you say, you've been holding back your desires yourself!

Afterword

H-How did you like the book? I wanted to draw a book where MomoYuri just kissed and flirted. I tried out numerous things I don't have enough courage to draw porn just yet.

When this book is finished, there's only going to be about a month left in Heartcatch. :| Sundays without Tsubomi, Erika, Itsuki-chan and Yuri-san are going to be way too painful. Though I am looking forward to the next Precure! Heartcatch was the first anime I really fell in love with. Ahh, Yuri-san is seriously cute.

To my guest, Nako-sama, thanks for participating while you were so busy! MomoYuri is justice!
